

Let us help
your people
hit the ground
running

Do you have senior people joining your organisation who need to make a quick impact?

Then we can help.

ValueU is a leadership development and executive coaching organisation which delivers positive behavioural change that supports your brand and your bottom line. We work with a variety of clients to ensure that they integrate well into their organisation and deliver quickly on their objectives.

We offer a variety of programmes, including:

- First 90 days – one to one coaching support to ensure your new high profile recruits make an instant impact.
- Follow me – one to one coaching and shadowing programme giving the new Director instant feedback on his or her behaviour.

Our programmes

First 90 days and Follow me

Both are individually tailored 3 month programmes designed to enable new senior recruits to hit the ground running.

Using a combination of:

- One to one coaching
- Mentoring
- Shadowing
- Feedback and
- Profiling (psychometric, behavioural and 360°tools)

as required, this programme will maximise the return on your initial investment by ensuring that you provide your most senior recruits with the best possible opportunity for success.

All our coaches are trained, accredited and members of the International Coaching Federation and or the Association of Coaching. The coaches on this programme have extensive experience of working at board level and most have held director or senior management positions themselves.
